

Parents/Guardians of CCMS Athletes,

Thus, far our athletic seasons are moving along and there are a few reminders and guidelines that we, the coaching staff, feel should be addressed. For all sports, except for cross-country, there will be two practice days/week unless holiday, staff development, or weather day. It is mandatory that athletes of their sport attend at least one practice per week and if practice is on a game/meet day, it is mandatory for them to be present at practice that day. If your athlete is not present at practice on a game day they will not play in the game that day/in a tournament. We must provide a line up for each game/tournament/meet prior to the event and if the athlete is not present that day, we cannot have them on our roster. Please be aware that myself and my coaches have many duties throughout our day that pertain to being in a classroom and cannot go search for the athletes during the school day. Furthermore, during practices, we need the full attention of the athletes for successful growth in their sport. We ask that parents/guardians please keep distraction to a minimum so that the coaching staff can communicate and instruct properly. I am hopeful that with our communication and cooperation efforts will provide a memorable experience here at CCMS.
